

# We keep you covered.

The **Pennsylvania Legislative Action Committee (PA-LAC)** works on behalf of the approximately 1.1 million residents who live in 10,000+ community associations in the commonwealth - guarding against intrusive and harmful legislative efforts, advancing the interests of common interest communities within Pennsylvania, and educating state and local lawmakers about the unique nature of the places we call home.

In 2016, PA-LAC will work to pass legislation that will impact almost every community association in the state. That legislation includes **Bills to reign in skyrocketing Recorder of Deeds fees** and to provide **relief to community associations facing burdensome regulations and fees for their privately-owned dams**. To accomplish these goals and remain vigilant on your behalf, we need the support of our business partner, management company, and community association members to help fund our efforts.

We're addressing the issues. Help us keep you covered.

To learn more about our efforts or to help us continue our work on your behalf, please visit our website at:
